Web of Science: Cited Reference Search

Cited References searching allows you to locate articles in which an article was cited.

Getting Started…

Note: If working off-campus, be sure to access Web of Science through the UI Library website.

Searching Results

1. Search for an author.

2. Click Create Citation Report.

Citation Report: 161
(from Web of Science Core Collection)
You searched for: AUTHOR: (Pascarella ET) ...More
Citation results can be sorted by publication date, times cited, first author, source title, and conference title.
