What is the One Button Studio?

One Button Studio is a user-friendly way to practice presentations. Viewing a video of yourself can help you spot verbal tics, hand gestures, and facial expressions that can detract from your presentation.

How do I record a video using the One Button Studio?

There are 5 SIMPLE STEPS

- (OPTIONAL) Load your background or PowerPoint slides on to the PRESENTATION COMPUTER (we will have several backgrounds to choose from if you don’t bring your own)
• Plug your own flash drive into the RECORDING COMPUTER to activate the lights and camera
• Record your presentation with the touch of a single BUTTON
• Stop recording by pressing the BUTTON
• Remove your flash drive

How do I reserve the Main Library’s One Button Studio IN PERSON?

• If the light on the panel is green, the One Button Studio is AVAILABLE now. Press Reserve Now to book the room for the next 120 minutes or the start of the next reservation. Your reservation will appear on the screen.
• If the light on the panel is red, the One Button Studio is NOT AVAILABLE.
• If the One Button Studio is not in use 10 minutes into the reserved period, it may be used by another group for the duration of the reserved period.
• Please see the Main Library Service Desk for access to the One Button Studio.
